

Put your career onto the best path.

Bell Summer Intern Program

May - August 2019

If you're looking for a great career opportunity next summer, one that is designed to open the door to a full-time career after you graduate, join our Summer Intern Program in Toronto, Montréal or Halifax.

With a 100% program satisfaction rating from past interns, we think our Summer Intern Program is the best of its kind. We have a variety of opportunities available that allow you to engage with both your peer group and senior managers to explore important opportunities covering all facets of our business, including: marketing, sales, big data, finance, product development and operations.

Build new skills and capabilities

- Work at the forefront of innovation, learning about our advanced broadband technologies like 5G wireless networks, Machine Learning, Artificial Intelligence and the Internet of Things.
- Take ownership and develop real-world skills by leading challenging and diverse consulting projects, and presenting your solutions to senior executives.
- Expand your network as you work with our executives and your peer group, giving you the opportunity to connect with and learn more about our team and the industry.

Think you've got what it takes?

We're looking for smart, curious and driven team players who are successful university students working toward a Bachelor's degree in a variety of disciplines.

Jai Chaggar | Western University
Yvonne Ly | University of Toronto
